- Prof. Dr. Emanuele Rossi, Director Instituto Diritto
- Prof. Dr. Olivier Deshayes, Université de Cergy-Pontoise TransEuropeExperts

10.12.30

Data Protection, Privacy and Regulation on the Clouds

Chair: Prof. Dr. Olivier Deshayes, Université de Cergy-Pontoise

- New challenges and global nature of cloud computing at international level: the EU Data Protection Reform, Prof. Giovanni Battistelli, Contrôleur général de la protection des données.
- “Something’s got to give” – Cloud Computing, as applied to lawyers – comparative approach US and EU and practical proposals to overcome differences, Prof. Nathan Crystal – Emeritus University of South Carolina, Distinguished Research Scholar at Charleston School of Law – Avv. Francesca Giammoni, Esq. (New York, Washington and Italy), Crystal & Giammoni-Crystal, L.L.C.
- Crowding it the cloud, data protection and permissible business models, Prof. Gilia Zabinski, Université Versailles-Saint-Quentin – Romain Perrey, Avocat at the Paris Bar, Lecturer at Université Paris I – Panthéon-Sorbonne.
- Standardizing vs. regulating: hard law vs. soft law?, Prof. Dr. André Prin, Université du Luxembourg
- Information privacy: bridging American and European clouds, Prof. Giovanni Comandè, Scuola Superiore Sant’Anna

- Q&A

Lunch 12.30 – 13.30
13.30-16.00

Contractual and Liability Issues

Chair Prof. Bénédicte Fauvarque Cosson – Université Panthéon-Assas Paris 2

- Medicine in the cloud: opportunities and potential liabilities, Prof. Luc Grynbaum, Université Paris Descartes, Member of Institut Droit et Santé
- Avoiding a jungle of contractual clauses: a possibility, Dr. Chantal Mah, University of Amsterdam
- Exemption clauses and IP, Dr. Caterina Szücs, Central European University, Budapest
- Q&A

Break 16

16.15-19.00

Young Researchers Perspectives and Business Interests

Chair: Prof. Giovanni Comandè, Scuola Superiore Sant’Anna

- Dr. Paolo Guarda, Università di Trento, Blue sky above the cloud(s): challenges and chances for e-health.
- Ann. Valentina Garzanti, Università di Pisa, Public Administration around the cloud: getting lost or modernization opportunity?
- Atilia Gniadeck, Université du Luxembourg, This is a story about control. Presentation of the ongoing PhD research on data protection challenges in Cloud Computing.
- Dr. Gianluca Cimineta, Senior Executive Capgemini, The innovation is behind the sky? How the cloud computing could be the "new paradigm" between Social community and the industrialization company.
- Silvia Scalzi, Phd Scuola Superiore Sant’Anna, IP Licensing and Competition law in the Clouds: an European Perspective.
- Stefano Alberici, Scuola Superiore Sant’Anna, Cloud providers and contractual liability. An itinerary among law, customs and terms.
- Sofia Miloni, Scuola Superiore Sant’Anna, Cloud provider’s liability for illegal content: the need for legal certainty in notice-and-action procedures.
- Giulia Schmieder, Scuola Superiore Sant’Anna, Managing data and metadata in the cloudic: where intellectual property issues reach privacy concerns.
- Giuseppe Di Vetta, Scuola Superiore Sant’Anna, Copyright infringement in cloud computing: the critical issue of enforcement models in the European area.
- Gianandrea Magiari, Scuola Superiore Sant’Anna, Qualifications and scopes for data processing in the cloud computing: finding shapes in the sky.
- Francesco Lazzaroni, Scuola Superiore Sant’Anna, The EU’s right to be forgotten as applied to cloud computing in the context of online privacy issues.
- Cosimo Gabbani, Pietro Meineri, Scuola Superiore Sant’Anna, Governing cloud contracts: consumer, business and conflict of laws rules.

Closing remarks (10 min)
